

ADVERTISEMENT FOR BIDS
VILLAGE OF SPRING LAKE
SPRING LAKE, MICHIGAN
USDA UTILITY IMPROVEMENTS

General Notice

The Village of Spring Lake (Owner) is requesting Bids for the construction of the following Project:

**USDA Utility Improvements
M+B Project Number 200238**

Encrypted Bids will be accepted on the [Bid Express](#) site until **11 a.m.**, on **Wednesday, January 18, 2023**. At that time, the Bids received will be publicly opened and read aloud.

The Project include the following Work:

Project #1: South Street Utility Improvements

Approximately 1,200 feet of street reconstruction on South Street, including water main replacement with lead water service replacement, sanitary sewer lining/replacement, select storm sewer replacement, concrete curb and gutter, select concrete sidewalk, and HMA paving. Reconstruction includes manholes, catch basins, valves, hydrants, fittings, restoration, and all appurtenant work.

Project #2: South Lake Lift Station Improvements

Improvements to the South Lake Lift Station include modifications to the wet well structure, installation of submersible pumps in wet well, lining wet well, new precast concrete valve chamber structure, new controls and instrumentation, new standby generator and ATS, new control panel enclosure, utility coordination for asset removal/relocation, new force main discharge piping connected to existing force main, removal of pumps, valves, and piping within dry well, decommissioning and abandoning dry well in place, sanitary sewer manhole installation, concrete pad removal and replacement, bypass pumping and/or pump and haul, SESC, restoration, and all appurtenant work.

Project #3: Rex/Dixie/Monarch/Liberty Utility Improvements

Approximately 1,500 feet of street reconstruction on Rex Street, Dixie Street, Monarch Street, and Liberty Street, including water main replacement with lead water service replacement, sanitary sewer replacement, select storm sewer replacement, select concrete curb and gutter, select concrete sidewalk, and HMA paving. Reconstruction includes manholes, catch basins, leaching basins, valves, hydrants, fittings, restoration, and all appurtenant work.

Project #4: North Park Utility Improvements

Approximately 1,150 feet of street reconstruction on North Park Street, including water main replacement with lead water service replacement, sanitary sewer lining/replacement, select storm sewer replacement, concrete curb and gutter, select concrete sidewalk, and HMA paving. Reconstruction includes manholes, catch basins, leaching basins, valves, hydrants, fittings, restoration, and all appurtenant work.

Project #5: Prospect Street Utility Improvements

Approximately 1,400 feet of street reconstruction on Prospect Street, including water main replacement with lead water service replacement, sanitary sewer lining/replacement, select storm sewer replacement,

select concrete curb and gutter, select concrete sidewalk, and HMA paving. Reconstruction includes manholes, catch basins, valves, hydrants, fittings, restoration, and all appurtenant work.

Project #6: South Park/South Division/Summit Utility Improvements

Approximately 1,400 feet of street reconstruction on South Park Street, South Division Street, and Summit Street, including water main replacement with lead water service replacement, sanitary sewer lining/replacement, select storm sewer replacement, concrete curb and gutter, select concrete sidewalk, and HMA paving. Reconstruction includes manholes, catch basins, leaching basins, valves, hydrants, fittings, restoration, and all appurtenant work.

Project is federally funded and requires American Iron and Steel (AIS) Standards.

Separate Bids will be received for the following Contracts:

Contract No.	Description of Contract	Owner's Budget
.01	South Street Utility Improvements	\$1,360,000.00
.02	South Lake Lift Station Renovation	\$482,000.00
.03	Rex Dixie Monarch Utility Improvements	\$1,203,000.00
.04	North Park Street Utility Improvements	\$1,076,000.00
.05	Prospect Street Utility Improvements	\$1,158,000.00
.06	South Park Division Summit Utility Improvements	\$1,371,000.00

Owner anticipates that the Project's total bid price will be approximately **\$6,650,000.00**. The Project has an expected duration of 1,095 days.

Obtaining the Bidding Documents

All forms, information, and specifications are available for download free of charge at [M+B Bid Express \(https://www.bidexpress.com/businesses/34301/home?agency=true\)](https://www.bidexpress.com/businesses/34301/home?agency=true).

Bidding Documents may be downloaded from the designated website. Prospective Bidders are urged to register with the designated website as a plan holder, even if Bidding Documents are obtained from a plan room or source other than the designated website in either electronic or paper format. The designated website will be updated periodically with addenda, lists of registered plan holders, reports, and other information relevant to submitting a Bid for the Project. All official notifications, addenda, and other Bidding Documents will be offered only through the designated website. Neither Owner nor Engineer will be responsible for Bidding Documents, including addenda, if any, obtained from sources other than the designated website. The Contract Documents may be examined at the following locations:

Village of Spring Lake
102 West Savidge Street
Spring Lake, Michigan 49456

Moore & Bruggink, Inc.
2020 Monroe Avenue NW
Grand Rapids, Michigan 49505

Builders Exchange
678 Front Avenue NW, Suite 330
Grand Rapids, Michigan 49504

Dodge Data & Analytics:
<http://dodgeprojects.construction.com/>

Construction Association of Michigan
43636 Woodward Avenue
Bloomfield Hills, Michigan 48302

Builder's Exchanges are authorized to share the contract documents with other exchanges.

Only Bidders who have been prequalified by the Village within the required days in advance of the bid opening in accordance with the Instructions to Bidders section will have their bids opened and read.

Plans and Specifications will be available after 1 p.m. on Wednesday, December 14, 2022, at either [M+B Bid Express](https://www.bidexpress.com/businesses/34301/home?agency=true) (<https://www.bidexpress.com/businesses/34301/home?agency=true>) or the office of Moore & Bruggink, Inc., upon payment of a non-refundable fee of \$140.00. An additional non-refundable fee of \$100.00 will be charged if the Contractor requests these documents be mailed.

This project will be funded by the Village of Spring Lake, along with federal USDA funds and grants.

The Issuing Office for the Bidding Documents is:

Moore+Bruggink, Inc.
2020 Monroe Avenue NW
Grand Rapids, Michigan 49505

Prospective Bidders may obtain or examine the Bidding Documents at the Issuing Office Monday through Friday between the hours of 8 a.m. and 5 p.m., and may obtain copies of the Bidding Documents from the Issuing Office as described. Partial sets of Bidding Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including addenda, if any, obtained from sources other than the Issuing Office.

Instructions to Bidders

For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

All Proposals shall be made in accordance with Bidding Documents.

A Proposal Guarantee payable to the Village of Spring Lake in the sum of five percent (5%) of the amount of the bid must accompany the Proposal in accordance with the Information for Bidders.

The right is reserved by the Village of Spring Lake to accept any Proposal, reject any or all Proposals, and to waive informalities in bidding when it is deemed to be in the interest of the Village of Spring Lake.

American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A – Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term “iron and steel products” means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract: NA
