

**DAN ABBOTT
VILLAGE COUNCIL**

Dan Abbott has been working in accounting since he was old enough to hold a 10-key. Upon graduating from Central Michigan University with a B.S. in Accounting, he officially joined his father's accounting business and supported his parents in growing their hometown, family business for many years. More recently, Danny and his wife Nichole have switched focus to growing their own accounting firm, Abbott Accounting, CPA, right here in Spring Lake.

Danny, Nichole, and Tucker (their son) followed their love of the beach and adventure to the West side of Michigan and have been in love with Spring Lake and the surrounding communities since 2009. When they aren't traveling and camping in their self-built "adventure van", they are at home in Spring Lake as a family with their dog, Hank enjoying the Village.
