

ERIC VANDERMUELEN PLANNING COMMISSION

Eric VanderMeulen is a lifelong resident of the Village, having lived there for 33 years. He has a bachelor's degree in Urban Planning with a focus on environment studies from Grand Valley State University and has been involved in urban planning consulting and property management in Northern Michigan for many years. His focus has been on local development and environmental preservation.

In addition to his professional work, Eric enjoys spending time with his family, taking weekend road trips, and watching sports. He often takes advantage of business travel to explore historical landmarks, local breweries, and the many parks Michigan has to offer.

Eric's interest in serving on the Planning Commission stems from his desire to be involved in the community and participate in the growth of his hometown. He is a member of the American Planning Association (APA), Michigan Lakes Streams Association (MLSA), and the American Horticultural Society (AHS).

Eric's favorite place to spend time in Spring Lake is watching thunderstorms roll in at local parks, kayaking along the local shores, and spending time at Spring Lake Floral or Village Baker.
