

## **LESLEY VAN LEEUWEN-VEGA VILLAGE COUNCIL**

Lesley Van Leeuwen-Vega has been a resident of Spring Lake for 26 years and is deeply entrenched in the local community. She graduated from Miami University with a BFA in Design and has since used her skills to launch her own graphic and design studio, Good Work, in 1998 - which she has continued to operate from her offices in Spring Lake. In addition to her professional work, Lesley is a dedicated member of the local community, having served on the Planning Commission for over a decade, as well as the DDA, Village Council, Tanglefoot Park Development Committee, Spring Lake Library Renovation Committee, Spring Lake Art in the Park Committee, Walden Green Montessori Foundation Board, and Historic Conservation Commission.

Lesley is a creative, curious, problem solver who loves art, live music, watching movies, and travelling. She also enjoys spending time with family and friends and her favorite place to spend time in the Village is out on any deck in the summertime with friends and a cocktail. Lesley was elected to Village Council in November of 2022 and is keen to continue her work in making important decisions about the development and growth of the Village of Spring Lake.
