| 14 | 8:15 - Adjourn |
Dear Leon, Kathy, Bill, Gordon, Craig and Christine,

City Council passed the attached Resolution at our last meeting, declaring June 15 “NOCH Day” in the City:

Excerpt:
Let it be known that from this day forward, the date of June 15 will be known and celebrated by all who live in our City as North Ottawa Community Health System Day.

NOCH administration respectfully request that each of the units that make up our community owned hospital board consider a similar resolution. I’ve attached the resolution in WORD format so that you can easily amend and adjust the resolution.

Please let me know if you could place this on an agenda for approval.

Pat McGinnis, City Manager

Village Council  
Village of Spring Lake  
Spring Lake, Michigan

Council member __________, supported by Council Member __________, moved the adoption of the following resolution:

RESOLUTION NO: 2019 – 18

RESOLUTION OF RECOGNITION
NORTH OTTAWA COMMUNITY HEALTH SYSTEM

WHEREAS, in 1919, community leaders took thoughtful, deliberate steps to provide local health care, an unprecedented move for a community of this size. Mr. William Hatton, President of Eagle Ottawa Leather Company donated the building to the City of Grand Haven, then worked with community leaders to raise funds and engage volunteers to bring a vision to life; and,

WHEREAS, the hospital became a major employer in 1938 when City voters passed a bond issue to construct a new hospital, supplemented by a Public Works Administration grant from President Franklin Delano Roosevelt’s New Deal, that put hundreds to work building it one year later at 1309 Sheldon Road, where it still stands today; and,

WHEREAS, prior to WWII, during a doctor shortage, spirited newcomer, Dr. Mary Kitchel, declared that all babies would be born at the new hospital. Then after the war, the baby boom became a hospital boom that Dr. Mary leveraged to build an expansive maternity wing doubling the hospital’s size; and,

WHEREAS, orthopedics continues to be a center of excellence at NOCH, from the first joint replacement surgeries in the early 1970s to today’s otherworldly robotic technology that has patients up and walking within hours; and,

WHEREAS, NOCH has always had a knack for attracting the best (and hardest to pronounce) specialists to pioneer gynecological, orthopedic, cardiac, gastrointestinal, general, urological, ophthalmological, otolaryngological, neurological services, making care that was once considered too complex for communities our size, available close to home; and,

WHEREAS, local advocates learned about the emerging field of Hospice Care in the early 1980s while still in its infancy, and were progressive enough to bring it here where its grown to be a critical, reputable and sought-after service at NOCH; and,

WHEREAS, in 1967 Northwest Ottawa County municipalities worked together, with voter support, to form a regional entity called, “North Ottawa Community Hospital Authority (NOCHA)” which served the Cities of Grand Haven and Ferrysburg, the Village of Spring Lake, and Grand Haven, Spring Lake, Crockery and Robinson Townships well for decades before converting to a private, non-profit called, “North Ottawa Community Hospital (NOCH)” in 1996; and,

WHEREAS, our community’s first and only ambulance service has responded to our calls of distress for 50 years and counting in every corner of our community, from neighborhoods to downtown, on streets and on sand, with pride, compassion and excellence; and,
WHEREAS, it is recognized that perhaps the most important service at NOCHS is the one we hope we'll never need, state-of-the-art emergency care; and,
WHEREAS, the staff and physicians at NOCHS know no equal in terms of dedication, loyalty, or love of community, life and neighbor; and,
WHEREAS, The North Ottawa Community Health System Auxiliary is heralded as one of the most prolific, long-standing, and successful organizations of its kind in the State of Michigan and across the country, raising and donating more than funds, and giving more hours of volunteer service to NOCH than any other corporation or individual in history, and its members should henceforth be immune from all parking tickets, given preferential seating at the Lynne Sherwood Waterfront Stadium during Musical Fountain presentations, and saluted by municipal officials whenever addressed in public.

NOW, THEREFORE BE IT RESOLVED, that the Village Council congratulates our community-owned hospital for 100 years of delivering care, wellness and love to our residents and visitors and do hereby declare North Ottawa Community Health System (still NOCH) a Centennial Employer in the Village of Spring Lake, a rare and time-honored commitment. Let it be known that from this day forward, the date of June 15 will be known and celebrated by all who live in our Village as North Ottawa Community Health System Day.

I, Marvin Hinga, Village Clerk, do hereby certify that the foregoing is a true and original copy of a resolution adopted by the Village of Spring Lake at a Regular Meeting thereof held on the 15th day of July 2019.

____________________________
Marvin Hinga, Clerk

CERTIFICATE

I, Marvin Hinga, Village Clerk, do hereby certify that the foregoing is a true and original copy of a resolution adopted by the Village of Spring Lake at a Regular Meeting thereof held on the 15th day of July 2019.

RESOLUTION 2019 - 18 DECLARED ADOPTED.

Dated: June 15, 2019

____________________________
Marvin Hinga, Clerk
Village of Spring Lake
RESOLUTION OF RECOGNITION
NORTH OTTAWA COMMUNITY HEALTH SYSTEM

WHEREAS, in 1919, community leaders took thoughtful, deliberate steps to provide local health care, an unprecedented move for a community of this size. Mr. William Hatton, President of Eagle Ottawa Leather Company donated the building to the City of Grand Haven, then worked with community leaders to raise funds and engage volunteers to bring a vision to life; and,

WHEREAS, the hospital became a major employer in 1938 when City voters passed a bond issue to construct a new hospital, supplemented by a Public Works Administration grant from President Franklin Delano Roosevelt’s New Deal, that put hundreds to work building it one year later at 1309 Sheldon Road, where it still stands today; and,

WHEREAS, prior to WWII, during a doctor shortage, spirited newcomer, Dr. Mary Kitchel, declared that all babies would be born at the new hospital. Then after the war, the baby boom became a hospital boom that Dr. Mary leveraged to build an expansive maternity wing doubling the hospital’s size; and,

WHEREAS, orthopedics continues to be a center of excellence at NOCH, from the first joint replacement surgeries in the early 1970s to today’s otherworldly robotic technology that has patients up and walking within hours; and,

WHEREAS, NOCH has always had a knack for attracting the best (and hardest to pronounce) specialists to pioneer gynecological, orthopedic, cardiac, gastrointestinal, general, urological, ophthalmological, otolaryngological, neurological services, making care that was once considered too complex for communities our size, available close to home; and,

WHEREAS, local advocates learned about the emerging field of Hospice Care in the early 1980s while still in its infancy, and were progressive enough to bring it here where its grown to be a critical, reputable and sought-after service at NOCH; and,

WHEREAS, 1967 Northwest Ottawa County municipalities worked together, with voter support, to form a regional entity called, “North Ottawa Community Hospital Authority (NOCHA)” which served the Cities of Grand Haven and Ferrysburg, the Village of Spring Lake, and Grand Haven, Spring Lake, Crockery and Robinson Townships well for decades before converting to a private, non-profit called, “North Ottawa Community Hospital (NOCH)” in 1996; and,

WHEREAS, our community’s first and only ambulance service has responded to our calls of distress for 50 years and counting in every corner of our community, from neighborhoods to downtown, on streets and on sand, with pride, compassion and excellence; and,

WHEREAS, it is recognized that perhaps the most important service at NOCHS is the one we hope we’ll never need, state-of-the-art emergency care; and,

WHEREAS, the staff and physicians at NOCHS know no equal in terms of dedication, loyalty, or love of community, life and neighbor; and,

WHEREAS, The North Ottawa Community Health System Auxiliary is heralded as one of the most prolific, long-standing, and successful organizations of its kind in the State of Michigan and across the country, raising and donating more than funds, and giving more hours of volunteer service to NOCH than any other corporation or individual in history, and its members should henceforth be immune from all parking tickets, given preferential seating at the Lynne Sherwood Waterfront Stadium during Musical Fountain presentations, and saluted by municipal officials whenever addressed in public.

NOW, THEREFORE BE IT RESOLVED, that the City Council congratulates our community-owned hospital for 100 years of delivering care, wellness and love to our residents and visitors and do hereby declare North Ottawa Community Health System (still NOCH) a Centennial Employer in the City of Grand Haven, a rare and time-honored commitment achieved by only our strongest institutions. Let it be known that from this day forward, the date of June 15 will be known and celebrated by all who live in our City as North Ottawa Community Health System Day.

Given under my signature and the seal the City of Grand Haven, this third day of June, in the year two thousand Nineteen.

Mayor Geri McCaleb

### Recreation Core - Results

**General Comments:**
- No features that will increase traffic
- Enhance natural qualities — both parks
- Fire Pit (natural gas)
- Open Artist Studios
- Too much pavement in front of event space
- Skate Park/BMX at Mill Point
- Senior Meal Site
- No Splash Pad
- Event Space/Farmer's Market
- Trail Branding
- Kayak Launch
- No Fixed Seating at Bandshell
- Existing Playground - expand/update
- Decommission Tanglefoot as RV Park
- Pickleball Court
- Goose Problem
- Swimming Pool
- Ice Cream/Food Vender
- Boat Parking near launch
- Improve terminus at Jackson & Buchanan
- Local Artist Wall Mural/showcase
- Boat Docks - Seasonal/Transient
- Universal Playground
- Community Garden
- Basketball Court
- Fishing Overlook/Area
- Metered Street Parking (revenue)
- Grills at boat docks
- Seating at Boat Docks

CONCEPTUAL MASTER PLAN

Additional seating for boaters who put slips.

Lots of "Cool" bike storage

Larger farmers' market space
Music - Similar to Hemlock

Could some street parking (especially behind Ericsson) be metered? to generate revenue?

"Straight on" boat launch for some larger boats

Artist studios are so amazing to add! Let's figure out how to proceed.

10" peg spaces at kayak launch is super!

Add grills at boat docks.

These for children area

COMMENTS:

Like Splash Pad for Mill Point Park.
Expand Play equipment area for older age children in Mill Point.
Should consider Basketball.
Should have designated fishing area in Mill Point.

Please don't put dryer in Spring Cove West Condos.
1. LOVE THE OVERALL PLAN!
2. CONG TO DUE TO UTILIZE THIS BEAUTIFUL SPACE.
3. WOULD DEFINITELY USE A PLAYGROUND THAT IS ADA FRIENDLY.
4. TRANSIENT DOCKAGE - A MUST!
5. SLOWING DOWN EXCHANGE ST. TRAFFIC AND INCREASED PARKING DEFINITELY NEEDED.
6. SPLASH PAD - YES!
7. SOME KIND OF COMMUNITY GARDENS - PERHAPS "HOPPING" A GARDEN PARTY?
8. FARMER'S MARKET AT THIS LOCATION (ATNO.75) PERFECT!

Spaces seem to be a little much for the farmers market. Please consider more greenspace around the pavilion. The pavilion is a great idea for a year-round farmers market, but it should not be the only use. Too much parking will attract abuse and the spaces not used in a positive manner.

Splash pad ideas: no opinion.

comments:

Love the Splash Pad and the Ice Skating Ribbon.

Farmer's Market and Event Space is a great idea.
Like the idea of the Farmer's Market + Event space. The designs are beautiful and a good use of space that many age groups can enjoy.
Like having a community playground at Mill Point. A splash pad would also be good, but limited in time of year it can be used.

Having outdoor fitness equipment along the bike trail that goes from the parks allows to have it more spread out.

Try to make more optimal use of Mill Point parking lot. The entire back half by exchange is unused. Either more paddy lot further back so more green-space is available, two less lots with green-space.

Comments:

Very exciting things for our town! I like the better use of the waterfront. Please make sure you keep in mind both seasonal and transit. Boat docks are needed.

Looking forward to all the great changes to our community!

Thank you!

Love the new plans for Tanglefoot Park! I have been wishing for this for 20 yrs.

aren't so much!!

we see kids at Whistlestop and the train. We could use more

We are so lucky to view the beauty of SL.

We need to save money to buy the property.

Great vision for the
riverside with added
quality of life in mind.
Potential for the http://
and I want to work
going.
- Local artist well murals
- SLHS senior projects?
- Rain gardens off of "artist one" concept
- Bee gardens/corridors
- Losing $100,000 in current revenue places a burden on S.L. tax papers by spending unwise use of money in mill park for these activities
MILL POINT AND TANGLEFOOT PARK

CONCEPTUAL MASTER PLAN

STUDY EMPHASIS ON WATERFRONT CONNECTION

We need to clean up & make the areas at the end of Buchanan + Jackson streets more inviting. There are weeds & most of the beach areas are gone. Benches are no longer there (Buchanan) & the ones at Jackson need to be sanded & painted. We would love to have picnic tables, with umbrellas & some pots of flowers present an inviting area for residents as well as visitors. The metal sign at the N. end of the greenway (stating where the funds came from) is peeling & looks bad.

Really like bike rental, creative seating, play equipment, splash pad, hammock grove!

Get rid of trailers at Tanglefoot. It is not best use of this public area.
Mill Point has historically been a boat launch. I first used this facility in the 80's when it was still free. I have paid the $30 fee for the last three years and been very frustrated by the improper use, especially forth of July evening when the launch became unusable. I am not against expanding the park, but the EMSE don't lose sight of the fact that this is a boating community. If you expect us to pay to use this facility, boat trailer parking needs to stay near the launch!
MILL POINT AND TANGLEFOOT PARK

STUDY EMPHASIS ON WATERFRONT CONNECTION

CONCEPTUAL MASTER PLAN

comments:

Love the ideas!

I think the musical play equipment is needed or the bike rental as well at the hammock grove.

Additional idea - a swimming pool for kids - since the beach at Lake St. is small/crowded.

How about desty for ice cream shop along the walk at the Fisherman's Market.
I am impressed with the concepts presented. My initial thought would be that a pleasing consistent infrastructure maintenance would be critical to maintain the integrity of the area.
MILL POINT AND TANGLEFOOT PARK

comments:

Who is the target audience?

Bike paths will need multiple positions throughout the city.

I enjoy blending functionality with nature—it is a beautiful area that can be great for the community while still retaining the natural look.
Beautiful ideas — I would love to see it be kept simple with space for gathering (fireworks, Heritage Festival etc.).

No need for a splash pad or sculptural water feature (waste of water) with so much natural water to enjoy. Ice Skating is a wonderful idea, if it could be done in a tasteful way. Please keep it in a way that encourages gathering and moving our bodies.

good let's get rid of trailer park and put that property to good use for all the residents

before any improvements are made to millpoint park, they goose problem needs to be solved as it is not a pleasant place. nobody wants a picnic amid goose poop

comments:
I like the idea of a splash pad at Millpoint Park. More parking there.

I would like to see no motorhomes/trailers at Tanglefoot Park.

I like the ideas of more playspace/upgrade play structured for kids.

Our grandkids visit often, plus our 2 children own condos next door to Tanglefoot Park w/a total of 8 kids. We would use often.

Love picnic area w/cover. In either park.

Outdoor fitness spaces would be great.

Pickleball? Yes.

Handicap accessible kayak launches C and D

Cut 1st C Tanglefoot Boat Launch Upgrades

Do not like splash pad.

Musical play equipment is very interesting.

I would prefer keeping the area in front of the band shell clear - no stone benches.

Keep existing playground but add additional play pieces for young children & ADA. Nice to have a face-to-face swing.

Do some clearing along path of existing playground.

No additional mounds; water features unnecessary as river is right there.

Tally Sheet.
GENERAL SUMMARY: Ottawa County is experiencing near record water levels in Lake Michigan, and situations on inland bodies of water as well. This document is meant to assist in a heightened sense of situational awareness for preparedness and response to this long term event that will last throughout the summer.

Emergency Management has a GIS based damage assessment program that we are currently using to track phone calls and reports of flooding. We are starting to input information and use it as a long term tool.

The City of Grand Haven recently approved an emergency expenditure of $24,642.21 to mitigate flood conditions on Harbor Island utilizing large sand bags.

We are currently at 12.55 feet at the Robinson Gauge, and minor flood stage is 13.3 feet.

We will be partnering with the National Weather Service, the Ottawa County Marine Patrol, and MSP-EMHSD 6th District DC to survey the coastal shoreline in the next few weeks.

We will continue to monitor and share information as it becomes available.
OPERATIONAL HIGHLIGHTS:

1) Significant planning, communication and coordination will continue to be needed for this long term incident.
2) If activated, the Emergency Operations Center will act as a coordination point for local and state resources.
3) Multiple situational awareness updates will be relayed to the State of Michigan, as well as closures, status emergencies, and available resources and damage assessment.
4) We currently have no unmet needs at this time.

ADDITIONAL CONSIDERATIONS:

• Consideration of Local State of Emergency if significant damage was to occur.

ACTIVE FUNCTIONS

| DIRECTION & CONTROL | • Maintain coordination between local, state, and regional agencies/officials throughout the duration of long term high water levels in Ottawa County.  
| • Support Incident Command and emergency services with high water and flood related response.  
| • Actively monitor, assess, and track damage and erosion from the high water events. |
| PUBLIC INFORMATION | • Maintain messaging for flood related preparedness and response.  
| • Address media and public questions as necessary. |
| PUBLIC SAFETY (Fire, Medical, Law, Public Works) | • Public Works / Infrastructure – Communicate public related damages.  
| • Law, Fire, EMS – Communicate and coordinate flood related response and damage information. |
| OTHER FUNCTIONS | OTHER FUNCTIONAL SUPPORT (Notes)  
| • Damage Assessment – Not stood up at the present time.  
| • Human Services – Not stood up at the present time. |

COORDINATING AGENCIES

| MSP-EMHSD | Lt. Orville Theaker |
| US Army Corp of Engineers | Pat Kuhne |
| OCCDA | Director Tim Smith |
| OCSO | Sheriff Steve Kempker |
| American Red Cross | Nikki Salladay |
| Ottawa County Fire Chiefs | Several Jurisdictions |
| National Weather Service | Meteorologist Jim Mazko |
| Road Commission | Ryan Kemppainen |
| Public Health | Jen Sorek |
| Ottawa County Water Resources | Joe Bush |
them, and to hold the Village harmless from and indemnify it against all damages and costs arising from its use;

(i) To require the franchisee to file with the Village drawings and maps of the location and nature of its facilities, as the Council may request; and

(j) This enumeration of rights set forth in this section shall not be exclusive nor impair the right of the Council to include in a franchise any provision within the power of the Village to impose or require.

Section 13.04. Sale or Assignment of Franchises.

The grantee of a franchise may not sell, assign, sublet, or allow another to use it, without written consent of the Council. Nothing in this section shall limit the right of the grantee of any public utility franchise to mortgage its property or franchise, nor to restrict the rights of the purchaser, upon foreclosure sale, to operate the same, except that such mortgagee or purchaser shall be subject to the terms of the franchise and provisions of this Charter.

Section 13.05. Contracts and Competitive Bidding.

Competitive bids shall be obtained for the construction of any public improvement or for the purchase of any materials according to the Purchasing Policy as adopted or amended by the Village Council.

Section 13.06. Disposal of Village Real Estate.

The Village shall not sell any real property or enter into a contract for the sale of real property if any part of the property is a recreational facility as set forth in the Village of Spring Lake Community Recreation Plan, or declared a recreational facility by the Village Council, unless said sale of real property or contract for the sale of real property is approved by a sixty (60%) percent majority of the Village electors voting on the particular issue at a regular or special election. As of the adoption of the Charter, the recreational facilities opened by the Village which are part of the Village of Spring Lake Community Recreational Plan consist of the following:

1. Central Park;
2. Lakeside Beach;
3. Jackson Street Park;
4. Mill Point Park;
5. Cutler Street Launch Ramp;
6. Riverfront Trailer Park;
7. Parkhurst Street End;
8. Alden Street End;
9. North Buchanan Street End;
10. South Buchanan Street End;
11. Division Street End;
12. Lakeside Trail Linear Park;
13. Spring Lake Yacht Club.
LICENSE AGREEMENT

THIS LICENSE AGREEMENT ("License") is made effective as of the ____________, 2019 ("Effective Date"), by and between SAVIDGE SIX, LLC, whose address is 570 Seminole Road, Suite 200, Muskegon, Michigan 49444 ("Savidge Six"), and VILLAGE OF SPRING LAKE, a Michigan municipal corporation, whose address is 102 W. Savidge Street, Spring Lake, Michigan 49456 ("Village").

RECITALS:

WHEREAS, Savidge Six owns a certain parcel of real property commonly known as 411 W. Savidge Street, Spring Lake, Michigan 49456, and more specifically described on Exhibit A attached to this License ("Savidge Six Parcel"); and

WHEREAS, the Village owns the right-of-way which immediately abuts the Western boundary of the Savidge Six Parcel ("Village ROW"); and

WHEREAS, Savidge Six requires a license to use the Village ROW for parking and for pedestrian and vehicular ingress and egress.

Now, therefore, in consideration of the aforementioned facts and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Licensed Premises. During the Term of this license, the Village grants to Savidge Six and Savidge Six's agents, employees, tenants, customers, licensees and invitees (collectively, "Savidge Six's Agents") a non-exclusive license to park automobiles in the parking spaces which are partially located in the Village ROW, as such area is highlighted on Exhibit B attached hereto ("Licensed Area"). Savidge Six's license shall include the right of pedestrian and vehicular ingress and egress to the Licensed Area over the driveways and maneuvering areas located in the Village ROW.

2. Term. Unless earlier terminated as provided herein, the term of this License shall commence on the Effective Date ("Commencement Date"), and shall not expire unless: (i) Savidge Six transfers, sells or conveys the Savidge Six Property to someone other than an Affiliated Party; (ii) if there is a material change in the use of the Savidge Six Property; or (iii) if the License is otherwise terminated as provided herein ("Initial Term"). For purposes of this License, an "Affiliated Party" shall mean any entity which is owned or controlled by Savidge Six, Savidge Management, LLC, Kimberly Van Kampen, or a combination thereof.

3. Termination. Notwithstanding anything contained in this License to the contrary: (i) Savidge Six may terminate this License at any time during the Term of this License upon sixty (60) days’ prior written notice to Village; and (ii) in the event any party breaches this License and such breach is not cured within fifteen (15) days after the receipt of written notice of such breach, the non-breaching party may terminate this License by written notice thereof to the other party.
4. **License Fee.** The Village shall not charge any fee for Savidge Six's use of the Licensed Area pursuant to this License.

5. **Maintenance; Repair.** Savidge Six or Savidge Six's Agents shall be responsible for removing snow from the Licensed Area as part of the Savidge Six's normal snow removal service associated with the Savidge Six's operations. During the Term of this License, the Village shall be responsible to maintain the remainder of the Village ROW in a good, safe and operating condition. Any damage to the Village ROW caused by Savidge Six or Savidge Six's Agents shall promptly be repaired by Savidge Six or Savidge Six's Agents at their sole expense.

6. **Waiver.** To be effective, the waiver of any provision, or of the breach of any provision, of this License must be set forth specifically, in writing, and signed by the waiving party. Any such waiver shall not operate or be deemed to be a waiver of any prior or future breach of such provision or of any other provision.

7. **Indemnification.** Except as otherwise prohibited by law, each party shall hold the other party, and their agents, employees, and representatives (collectively, the "Indemnified Parties") harmless from and against any and all liabilities, obligations, damages, penalties, claims, costs and expenses, including reasonable attorneys' fees, paid or incurred as a result of or in connection with (i) the party's use or occupancy of the Village ROW, or (ii) any breach by the party of any covenant or condition of this License.

8. **Notices.** All notices, demands, and requests given or required to be given pursuant to this License shall be in writing. All notices shall be deemed to have been properly given if served in person by messenger or courier, sent by United States registered or certified mail, postage prepaid, return receipt requested, or if sent by recognized overnight courier, postage prepaid, addressed to the address set forth above or such other address as each party may designate.

9. **Miscellaneous.** The failure of Savidge Six or the Village to insist upon the strict performance of any covenant of this License shall not be a waiver for the future of such covenant. Should any paragraph, subparagraph, or provision of this License be declared to be invalid or unenforceable by a court of competent jurisdiction, it shall not affect the validity or enforceability of the License as a whole or any part thereof. The parties shall renegotiate, if possible, the invalid/unenforceable provision in a manner consistent with the original intent. This License shall be interpreted pursuant to the laws of the State of Michigan. This License contains the entire agreement between the parties and any or all prior or contemporaneous oral or written agreements made on behalf of either party shall be of no force and effect. This License shall be amended only by a written instrument signed by Savidge Six and the Village. All obligations arising prior to the termination of this License and all provisions of this License allocating responsibility or liability between the parties, including without limitation, the indemnity provisions, shall survive the termination of this License. This License may be signed in one or more counterparts, and by different parties to this License on separate counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. Faxed signatures, or scanned
and electronically transmitted signatures on this License or any notice delivered pursuant to this License, shall be deemed to have the same legal effect as original signatures on this License.

The undersigned have executed this License as of the date first set forth above.

IN WITNESS WHEREOF, the undersigned has executed this License as of the Effective Date.

Re: Use of Central Park for Sesquicentennial

Please find attached a Central Park Reservation Form for Council's approval for the Historic Conservation Commission's request for the use of the park on September 14, 2019 from 4 p.m. to 10 p.m. for the Village's Sesquicentennial Celebration.

The details are still being worked out, but we are planning on showing a power point presentation on the history of the Village, possibly having a couple of food truck vendors and showing a movie with historical value.

Thank you for your consideration.

RE: Tennis Court – Tree Trimming

Dear Ms. Burns:

This correspondence is to address our ongoing dialogue concerning the tennis court located on Parcel No. 70-03-15-332-040 (the “Tennis Court”). My family wishes to upgrade and resurface the Tennis Court, but this is not practicable due to the tree overhang. I have requested permission from the Village of Spring Lake (the “Village”) to trim the trees and have been advised that before my request is considered, it will first be necessary to address the decades-old issue of the Tennis Court’s location.

I have recently met with legal counsel to review my options. As you are aware, the Tennis Court was constructed in 1973 or 1974 (we acquired the property in 2007). A small portion of the fence enclosure of the Tennis Court encroaches onto the railroad right-of-way, which now belongs to the Village. However, the Tennis Court pre-dates the Village’s acquisition of the right-of-way. The encroachment is minimal and in no way interferes with the Village’s operation of its bike path.

While this Tennis Court has had three private owners, it has always been viewed as a Shady Lane neighborhood asset. We, as well as the previous owners, have been happy to share the Tennis Court with neighbors when they request. This includes year-round residents such as the Kyle Verplank and Mark Roller families, as well as seasonal residents.

Accordingly, we propose the following:

1. The Village grant an easement in favor of the parcel for the Tennis Court.

2. The easement will terminate upon the removal of the Tennis Court.

3. We be granted permission to trim the trees identified in the site plan attached hereto as Exhibit A.

4. We will pay the costs for the preparation and recording of the easement and tree trimming.
We view this as a win-win proposal. The Village will not have any expense associated with our claims to a portion of the right-of-way and will retain a future right to the property on which the Tennis Court is located (once it is removed).

Please review and advise on what we need to do to obtain approval of this proposal.

Sincerely,

Michael R. Armour
Four Trees Requiring Trimming
Dear Chris,

The last plant has gone into the ground for the season. Volunteers are now on maintenance mode.

We have had a good number of volunteers sick with major illnesses this summer. So we are operating on a thinner crew than usual, but work will still get done!

Welcome to summer,
Darcy
I send Amy a list of the scheduled events, I didn't schedule Rhonda's party and didn't think to notify Amy of it. Otherwise, yes, they have been cleaning on a regular basis.

----------------------------------------
To whom it may concern...

Basically -
I had to clean before I could use the room -
I guarantee you that I left it in much better condition than when I arrived.

I do expect to hear from someone at the village regarding this situation.
Thank you - Carol Whittam

P.S. Mary was wonderful to work with when I had to keep calling her on Saturday.
Barber School

Outside:
- Spider webs on doors
- Lawn not freshly mowed
- Trash receptacle stinky
- Light fixtures filthy

Inside:
- Air conditioning didn't work properly — very warm with dead light bulb in the main room
- Entry in front full of spider/cobwebs — dirty floor
- Trash in restroom bins
- Kitchen sink dirty — food stuck in bottom
- Dirty soiled rags hanging on sink

- Had to vac a few places
- No hand paper towel in dispenser in kitchen
- Toilet paper low in dispenser upon arrival & no key to open & replenish
- Hand towel on countertop in restrooms & none in dispenser plus no key to replenish

I thought I had asked for the mural to be uncovered — it was still covered but we brought a ladder in to take care of it.

My husband had to climb up on ladder to try & replace the burned out light bulb — apparently it's a shorting somewhere — he got it to work for our event.

Subject: FW: Lloyds Bayou Bridge Erosion

Good Morning Wally/Gordon,

I am not sure how you want to handle this. Mr. Boven is concerned about the erosion at the Lloyds Bayou Bridge. He reported the issue on the Road Commission’s Facebook page and was told it was a Township matter. Mr. Boven did say he told the Road Commission there was exposed pipe at the bridge. The Road Commission may have assumed it was a water main issue and not a roadway issue.

Subject: Lloyds Bayou Bridge Erosion
Hi Christine,

I took some pictures yesterday on the east side of Lloyds Bayou bridge under the boardwalk. There is some serious erosion happening due to the extreme high water levels that has exposed some conduit pipe. The situation is continuing to worsen as more and more of the bridge base material falls into Lloyds bayou on a daily basis.

I realize that the bridge is under the authority of the Ottawa County Road Commission, but I was hoping you could forward these pictures on to someone who can assess the situation before the road becomes unsafe and starts to collapse.

Best Regards,
Brad Boven

Mr. Powers,

My name is David Chesney. I am the President of the Spring Cove West Condominium Association located on Riverfront Street in the Village of Spring Lake. On behalf of our twelve property owners, I have met and been in contact with Christine Burns regarding our parking concern on the South Side of Exchange at the intersection of Exchange and Division. Ms. Burns and I first met at a Tanglefoot Park Concept Meeting and I expressed our Associations' concern at that time. We discussed the possibility that perhaps the situation could be rectified during the rebuild of the intersection at the conclusion of the Force Main Project. Based on the striping that was just put down, there appears to be no change.

When we exit our condominium complex and travel North on Division to the stop sign at Division and Exchange, our vision is impaired looking to the West by vehicles parked on the South Side of Exchange right up to Division Street. We have requested a parking “set back” from the corner so we can see on-coming traffic. We have noticed that when traveling East on Exchange all other intersections either have curb bump outs or a “No Parking Here to Corner” Sign on the South Side of Exchange. We are requesting the same safety feature afforded other intersections along the route.

We are aware that Tanglefoot Park will no longer operate as an RV Park. If the concept drawings come to fruition and an Event Center is, in fact, built on the property and a Bed and Breakfast occupies the Northwest corner of Exchange and Division parking will once again be at a premium. We hope to avoid in the future what we have experienced in the past.

I look for your counsel as to how to move this request forward.

Thank you for your consideration.

David Chesney
President
Spring Cove West HOA

Dave,

I’m so glad you reached out to Mark. Right after we spoke, I drove down Exchange and the guys doing the striping had already messed it up. The engineer’s drawing is correct; they just couldn’t follow it apparently. Needless to say, I didn’t have your email and the phone numbers we found didn’t work so I couldn’t circle back with you. The lines will be corrected and signage added. SMH

Hope you have a great weekend and sorry to make this harder than it really needed to be.

Fondly,

Chris

Gordon and I just drove down Exchange. They have the striping down for the parking and it's not exactly what I expected. They put the solid white line back down and have it all the way to the corners. We wanted to avoid that because of the vision obstruction. Can they paint over those and reapply correctly?

Thanks,

Chris

Hi Dave,

Sorry you’re experiencing that issue. It seems as though Mother Nature is on a real bender this summer. I have cc’d Jim MacLachlan on this email as he is the current Chair of the Lloyd’s Bayou Lake Board. Information on LBLB meetings are typically posted on the Village website because they don’t have another convenient way to disseminate information, but the Village actually has no involvement in the treatment of the bayou. Here’s the link:

http://www.springlakevillage.org/lloyds-bayou-lake-board/

Feel free to reach out to Jim. He’s a former Village President and keeps abreast of all things Spring Lake related; great resource to get to know.

Fondly,

Chris

Hi Christine,

I am not sure who I should reach out to but I appreciate any help you can provide. I am a new Spring Lake resident and recently bought on Lloyds Bayou. I was told the weeds in the lake are treated every year. I don’t think that has been done yet this year. If it has, it didn’t work. My lake frontage is now a green swamp. It literally smells disgusting and you can’t swim or boat anywhere in front of our home. I was at a house yesterday on Spring Lake and they had signs on trees that their water was already treated. Do you know when Lloyds Bayou will be? It is the holiday week and we can’t even enjoy the lakefront. We are very disappointed. Is there anything you can do to help or pass our concerns on to whoever takes care of this if it isn’t you?

Thank you so much! We love the community but the lake needs to be treated asap.

Dave DeVries
Good morning Jim,

Thank you for reaching out to me regarding the condition of our public spaces. You nailed it right on the head when you mentioned those darned high water levels. Mother Nature is giving us a run for our money this season. With our limited resources, we are doing our best to stay ahead of the "stuff" that is being deposited along our waterways and apparently we have fallen short of your expectations. I have shared your concerns with our DPW Director so that he may take a look the areas that you have highlighted. We will take a closer look at the bathroom maintenance in the parks to ensure we are keeping those maintained in a manner that is acceptable.

A couple of things that I think we have gotten right, as of late, that you may not have noticed is the $147,900 that we invested in new LED lights/poles along Lakeside Trail near your house. We have also invested $ 3,600 to replace 130 hydrant markers with new whips, $6,250 to repaint 50 fire hydrants each year, $46,000 to repaint our street light poles downtown, and $100,000 to change out our downtown lights/globes to LED. We spend approximately $50,000 a year in our forestry program and about $3,000 on flowers for our downtown. These are just a few of the many (aesthetic) items that your tax dollars support in order to prevent us becoming that "slum" that you reference.

We apologize that we didn't meet your expectations and would like to assure you that we will do better going forward on the items over which we have control.

Fondly,

Chris

Message Body:
The overall look of our village is deteriorating at an unbelievable rate. We all know that it's been a wet spring and water levels are at an all time high. That doesn't excuse the lack of maintenance on village recreation areas. Especially along the water accesses, these areas are littered with rotting stinky cut grass, rotting wood and garbage. The crews who are maintaining these areas create the messes and don’t clean up after they’re done, disgusting. The one time nice little beach at the north end of Lake street is now a stinky mess, bathroom and beach both. Hopefully things can be turned around before a slum is created out of paradise. Thank you concerned taxpayers

Parker,

I attended an on-site meeting with the engineers on Monday to discuss this very issue. At that time your driveway was accessible. With the rising river waters there was a considerable amount of water on the property but the driveway was accessible. Even though this is not a Village project but Cutler is a Village street, I will evaluate the situation this morning and working with Pat, determine if we can solve your access issue. Thanks for the pictures and bringing this to our attention.

Thanks,

Wally Delamater
Spring Lake Public Works Director
The road to my property 210 S. Cutler has become inaccessible during your construction project.

Please advise.

Parker
Hi Jeff,

You’re absolutely correct on your assessment on the rest of Exchange. Short answer is “no repairs have been schedule for the immediate future.” Long answer is Exchange Street is a classified as a “major street” (versus a “local street”) and so funding for repairs come from either MDOT (which we get in line and wait for funding) or we have to use local dollars to make those repairs. We are currently awaiting the completion of an infrastructure inventory of everything that is underground (water/storm/sanitary) and Council has indicated that they do not want to do any resurfacing until the inventory is complete. It would be a shame to resurface a street only to go back in a couple of years to repair the water/sewer and rip it all back up again. We will have a list of priorities for water/sewer/roads done by the end of this year (hopefully) and will be able to share that with Villagers so they have a better idea of what to expect in the coming years. We are also hesitant to use “our” money to repair Exchange if there is MDOT money that will come available in the next few years. The last three projects that were funded by MDOT were S. Cutler, Buchanan and now Exchange so we get funding about every 2-3 years. Hang tight. We’re trying to use your money as responsibly as possible, but the pie isn’t nearly big enough to accomplish everything we need to do.

Hope that explanation helps. Have a great weekend!

Fondly,

Chris

Subject: Exchange Street

Hi Christine!

The Exchange street repair/repave is looking good, and I know we all can’t wait it be be finished. In walking/biking the section east of the repair area, it certainly needs to be repaved also. I was wondering why we didn't mill that section and give it a new topcoat as long as the street is closed anyway. More sewer repairs for that area, or?

Keep up the good work!
Jeff Rollins
Bill,

Thank you for sharing that photo. Township Supervisor John Nash has been working tirelessly with the DNR to get buoys moved and changes made. Unfortunately, the DNR moves at the speed of government (as do we). There will be a public hearing regarding buoy placement and wake issues at the end of the month. I’m not sure if they have actually set a date yet. However, John is the Chairperson of the SL Lake Board and knows more about this issue than anybody else I know. I would encourage you to stay abreast of the issue and consider sharing this photo and your concerns at the public hearing. Hopefully, together we can get some changes enacted.

Fondly,

Chris

Maryann,

Listing sand and sandbag suppliers will not help as long as “no wake” zones are not being considered for the entire lake. Two of her sons and a grandson spent countless hours filling, hauling, and stacking sandbags on top of my neighbor Elizabeth Peel’s seawall on Friday. When I returned from an outing on Saturday afternoon, almost all the double-stacked sandbags had been toppled over by the waves created by fast-moving watercraft. See the attached photo.

Sincerely,
On March 4, 1869 the Legislature of the State of Michigan passed Public Act No. 340 of Public Acts of 1868 which permitted the organization of the Village of Spring Lake into a village corporate!

This Week!

Monday, July 1, 2019 - Parks & Rec. Board meeting, 7:00 p.m., Village Hall EOC room.

Thursday, July 4, 2019 - Village Hall will be closed to celebrate Independence Day!
Exchange Street Project Update #19:

The Exchange Street Project from Jackson to Elm St. is complete and signs have been removed!

The Grand Haven Spring Lake Sewer Authority Grand River Forcemain Crossing (Exchange St. from Jackson east to Cutler) will be complete by Thursday, July 4th!
2019 HIGH WATER LEVELS AND AREA FLOODING
Situation Report- June 9th, 2019

GENERAL SUMMARY: Ottawa County is experiencing near record water levels in Lake Michigan, and several localized flooding situations on inland bodies of water. This document is meant to assist in a heightened sense of situational awareness for preparedness and response to this long term event that will last throughout the summer.

On Sunday, June 9th, The National Weather Service has issued a Lakeshore Flood Advisory for Ottawa County. The mixture of the high water levels and high winds will continue to cause erosion along the lakeshore. The areas of the Village of Spring Lake, Spring Lake Township, and the City of Grand Haven are already seeing flooding concerns.

Ottawa County Emergency Management has been receiving calls from individual property owners in these areas and will continue to communicate the process for what constitutes a local emergency declaration. We have also attached a document that walks through the steps at this time. We will continue to monitor and assess the areas by land and by water to determine ongoing impacts to the area.

As of Sunday, Menards in Muskegon was sold out of sand bags and estimates 4 weeks to restock, and Home Depot only sells the sand bags online. We have also attached a document for supply of sand bags to local property owners who would be responsible for the cost of the products to protect their individual property at this time.

We will continue to monitor the situation but ask anyone who has information on areas that are impacted to communicate those impacts with Ottawa County Emergency Management. We do not currently have the Emergency Operations Center activated, however it appears that this long term event will likely cause the EOC to be activated at some point in the course of this incident.

A MICIMS Incident has been created for coordination and situational awareness to this event.

OPERATIONAL HIGHLIGHTS:

1) Significant planning, communication and coordination will continue to be needed for this long term incident.
2) If activated, the Emergency Operations Center will act as a coordination point for local and state resources.
3) Multiple situational awareness updates will be relayed to the State of Michigan, as well as closures, status emergencies, and available resources and damage assessment.

ADDITIONAL CONSIDERATIONS:

- Consideration of Local State of Emergency if significant damage was to occur.
### ACTIVE FUNCTIONS

**DIRECTION & CONTROL**
- Maintain coordination between local, state, and regional agencies/officials throughout the duration of long term high water levels in Ottawa County.
- Support incident Command and emergency services with high water and flood related response.
- Actively monitor, assess, and track damage and erosion from the high water events.

**PUBLIC INFORMATION**
- Maintain messaging for flood related preparedness and response.
- Address media and public questions as necessary.

**PUBLIC SAFETY** *(Fire, Medical, Law, Public Works)*
- Public Works / Infrastructure – Communicate public related damages.
- Law, Fire, EMS – Communicate and coordinate flood related response and damage information.

**OTHER FUNCTIONS**
- OTHER FUNCTIONAL SUPPORT (Notes)
  - Damage Assessment – Not stood up at the present time.
  - Human Services – Not stood up at the present time.

From: Nick Bonstell, Director
       Ottawa County Emergency Management  (Tel. 516-638-7760)

Subject: 2019 High Water Level and Flood Response Information

Ottawa County is experiencing high water levels on Lake Michigan along with several inland bodies of water. The areas of the City of Grand Haven, Spring Lake Township, and the Village of Spring Lake appear to be experiencing the highest levels. The high water levels will be long term and they appear to be with us throughout the course of the summer. We have been working with several response partners, including the National Weather Service to ensure we have the proper communication paths and plans as we move through this vulnerable time.

Ottawa County Emergency Management Process

1. Individual property owner attempts to utilize individual resources to protect property from flooding.
2. Local AHJ attempts to assist property owners with larger impacts (entire neighborhoods) and determines how many homes or businesses are impacted and communicates with Ottawa County Emergency Management.
3. Ottawa County Emergency Management works with local AHJ to determine if local resources will be sufficient.
4. If local resources are exhausted, Ottawa County considers completing a local state of emergency declaration and seeks sand bags and other flood fighting materials from the US Army Corp of Engineers. The county is then responsible for the costs of the bags until a federal disaster is declared.
5. The State of Michigan reviews local declaration and monitors the on-going incident.

The USACE role is to provide “supplemental” support to local interests. Expendable supplies provided by USACE, such as sandbags will be replaced in kind or paid for by local interests to the extent considered feasible and practical. District Commanders may waive replacement of supplies when a Presidential Disaster Declaration is made.

Please let us know if you need any further information, and also let us know the impacts to your home or business so we can report and track it.

Summer Recreation Programs & Camps

After a crazy week of snow, it is time to think about summer programs and camps. Attached you will find the 2019 Summer Recreation Booklet, along with the basic Program Registration Form (used for most camps) and the Swim Lesson Registration Form. Registration forms for Competitive Swim Team, Stroke Clinic, Tennis Lessons and Inter-City Tennis can be found on the website at https://www.springlakeschools.org/recreation-commission/.

Please call the Recreation Commission, located at SL Middle School, at 616-846-5502.

The Village of Spring Lake is 150!

In 2019 the Village of Spring Lake will be turning 150 years old! To celebrate the Sesquicentennial, the Historic Conservation Committee is looking to collect history of the village over the past 50 years since the Centennial celebrations. Please share your ideas and memories with them by taking a short survey at https://tinyurl.com/SLV150. If you have questions, please contact Sherron Collins at (616)881-2882 or collinssherron@gmail.com Thank you!

Sincerely,
Liz Kochmanski
Historic Conservation Commission Member

Coming Next Week!
Monday, July 8, 2019 - Council Work Session, 7:00 p.m., Village Hall upstairs conference room.

Tuesday, July 9, 2019 - ZBA meeting has been canceled due to a lack of agenda.

Thursday, July 11, 2019 - DDA meeting, 7:30 a.m., Village Hall EOC room.

Village Hall Holiday Closings for 2019
Good Friday (1/2 day) - April 19th, 2019
Memorial Day ~ May 27th
Independence Day ~ July 4th
Labor Day ~ Sept. 2nd
Veteran’s Day Observed ~ Nov. 11th
Thanksgiving ~ Nov. 28th & 29th
Christmas ~ Dec. 24th & Dec. 25th
New Year’s ~ Dec. 31st & Jan. 1st, 2020
PUBLIC NOTICE

At this hearing the Department of Natural Resources will gather information from the public concerning watercraft controls on the waters of the Spring Lake, Ottawa County.

Persons with disabilities needing accommodations for effective participation in the meeting should contact the Village Clerk at 616-842-1393, a week in advance to request mobility, visual, hearing or other assistance.

All interested persons are invited to attend and offer comments orally at the public hearing. Interested persons unable to attend this hearing may within 30 days after the hearing submit written comments to:

    DNR, Law Enforcement
    Attn: Lt. Thomas Wanless
    525 W. Allegan Street
    Lansing, Michigan 48933
The 4th of July is a big deal in Grand Haven today. We’ve got fireworks. We have crowds. We block off the streets and make a big deal of the holiday. But back on July 4, 1919, there was another reason to celebrate.

Death and disease could be pretty frightening back in 1919, especially if you lived in a small town with limited access to medical care. The influenza pandemic of 1918-1919 alone killed more than 50 million people worldwide. There was no vaccination available, and no antibiotics to treat the secondary infections that came along with this dangerous disease. No community was exempt, including Grand Haven.

After his beloved wife, Elizabeth, died of this influenza, William Hatton decided he was going to do something proactive to help protect his hometown from future medical catastrophes. He purchased and then donated the former Loutit residence at 114 S. Fifth Street to give Grand Haven its first hospital. Local leaders and residents dedicated the Elizabeth Hatton Memorial Hospital on June 15, 1919.

As luck would have it, the entire country was celebrating on the day the first baby was born at the new Hatton Hospital! Proud parents Clarence and Barbara Vyn gratefully named their infant daughter after the benefactress of the hospital. Little Elizabeth Hatton Vyn entered the world on July 4, 1919 at her namesake hospital. She received a beautiful silver cup to commemorate the day.

This hospital did exactly what its founder hoped it would. Throughout the 20 years that Hatton Hospital served Grand Haven, more than 7,700 patients received local care. Little Elizabeth had plenty of playmates, too, as more than 1,400 children were born at the hospital alone! (That’s in addition to all those born at home or in maternity houses, which were in vogue at the time.)

Sadly, the Hatton Hospital building was torn down in July 1963. But the family remained strong supporters, involved not only with Hatton Hospital but also with the new Grand Haven Municipal Hospital when it was built in 1939.

An article in the June 16, 1919 Grand Haven Tribune reminds us of what we should celebrate during this 100th year of local care.

“The new hospital is now ready for the public. Today the first operation was performed there, and several more are scheduled for the present week. Thus the gift made in the memory of a woman, who suffered illness many months, herself, is dedicated to the bringing of comfort and care into the lives of the people of her home town.

“The great number of visitors and the deep expressions of appreciation, is evidence that the people of the city have accepted the gift with full hearts and the desire to see that it serves its wonderful mission.”

The Court held: “[A]n individual must show some pre-existing entitlement or right or benefit that has been lost or denied—i.e., unemployment benefits under MESA in that case—before it can be said that the loss or denial of that benefit constitutes a penalty or the denial of a right or privilege under the MMA.”

“Generally, and under Michigan law by presumption, employment relationships are terminable at the will of either party. Such at-will employment relationships may be terminated for any reason or no reason at all.”

“Plaintiff has not rebutted the presumption that the position offered to her by the BWL was terminable at the will of the BWL. If the BWL would have been able to terminate plaintiff’s employment at any time after her employment began for any or no reason, it logically follows that the BWL could rescind its conditional offer of employment at any time and for any or no reason at all.”

“Further, plaintiff’s assertions regarding defendant’s status as public entities do not and cannot serve as a legal basis on which this Court could find that plaintiff had any ‘right’ or ‘property interest’ in employment with the BWL. ‘A property right emanates from a contract or statute; public employment in and of itself is not a property interest automatically entitled an employee to procedural due process.’ Additionally, although a contract or statute may provide a property right, ‘a public employee does not have a property right in continued employment when the position is held at the will of the employee’s superiors and the employee has not been promised termination only for just cause.’”

“Furthermore, unlike the situation in Braska v Challenge Manufacturing, 307 Mich. App. 340 (2014), where the claimant could demonstrate that they would have been entitled to unemployment benefits but for their medical use of marijuana, plaintiff in this case cannot show that she would have certainly begun employment with the BWL but for her medical marijuana use because the BWL at all times retained the ability to terminate her employment, including the offer of employment, for any reason or no reason, regardless of plaintiff’s medical use of marijuana. Plaintiff therefore cannot demonstrate that the withdrawal of the employment offer constituted a ‘penalty’ for purposes of § 4(a) of the MMA.”

“When viewed in its entirety, plaintiff’s MMA-violation claim is an attempt to use § 4(a) of the MMA as a sword to obtain a protected right to employment rather than as the shield of protection that is the true function of § 4(a). But § 4(a) of the MMA does not provide such a right. Notably, there is no language in this statute related to ‘employment.’ Moreover, as previously discussed, the statute does not create affirmative rights but instead provides immunity from penalties and the denial of rights or privileges based on the medical use of marijuana. In this case, plaintiff cannot show that she incurred such a penalty or was denied such a right or privilege because the harm she suffered was the loss of an employment opportunity in which she held absolutely no right or property interest.”

Court of Appeals upholds township’s ordinance regulating short-term rentals

Reaume v Township of Spring Lake, ___ Mich. App. ___, May 21, 2019—Susan Reaume purchased a home in Spring Lake Township (Ottawa Co.) in 2003, located in the township’s R-1, Low Density Residential zoning district, and used it as her primary residence until 2015, when she began renting it out as a short-term vacation rental. Short-term rentals were not specifically permitted in the ordinance as an authorized use or special use.

According to the court, “In December 2016, the Township adopted Ordinance No. 255, which prohibited short-term rentals in the R-1 zone. However, there is no record of the ordinance allowing long-term rentals of more than 28 days. The ordinance provided that all short-term rentals must be registered and licensed with the community development director before rental activity could occur. The Township also adopted Ordinance No. 257, which amended the Spring Lake Township Zoning Ordinance to allow ‘short-term rentals’ and ‘limited short-term rentals,’ which had independent definitions, in certain zoning districts. Ordinance No. 257 permitted ‘limited short-term rentals,’ but not ‘short-term rentals,’ in R-1 zones. The amendment defined ‘limited short-term rentals’ as ‘a rental of any Dwelling for any one or two rental periods of up to 14 days, not to exceed 14 days total in a calendar year.’”

Reaume applied for a short-term rental license, was denied, and then appealed to the township zoning board of appeals, and was denied. The trial court affirmed the township’s decision.

The Court of Appeals affirmed, holding: “Plaintiff’s use of the property for short-term rentals was never permitted under the Township’s R-1 zoning. This is consistent with case law establishing that commercial or business uses of property, generally meaning uses intended to generate a profit, are inconsistent with residential uses of property. Plaintiff’s use of the property for short-term rental was not a prior nonconforming use because it was never lawful pursuant to the Ordinance. The Township’s mere failure to enforce the Ordinance does not confer upon plaintiff a right to continue violating the ordinance. Neither does a statement made by any individual without the power to bind the Township, especially where none of the statements clearly express an opinion that short-term rentals in R-1 zones was affirmatively lawful. Accordingly, the trial court properly affirmed the Township Board’s denial of plaintiff’s application for a short-term rental license.”

Not all Court of Appeals opinions are “published,” and unpublished opinions cannot be used as precedent. Here, the court advocated that the opinion be published because “the issues presented in the current matter are of increasing importance and commonality in Michigan, and that the beach and bar would benefit from the certainty that a published opinion would bring.”
Loving Where You Live!
By Matt Bach

Perhaps the most important thing the League does is advocate on behalf of our members. Most days, this is a silent battle fought largely by your state and federal affairs team. They care deeply about the challenges facing our communities. But every so often, we need to call in the big guns, and that is all of you. Recently, a bill related to the zoning of short-term rentals reached a critical point and the League staff needed your help.

And you responded—in droves. Your efforts were the push needed to support months of work by our team, especially Jennifer Rigterink. At her behest, you sent emails and texts, and made phone calls and posted tweets. You drove to Lansing from Cadillac, Alpena, Lake Angelus, Livonia, Battle Creek, East Lansing, Jackson, Meridian Township, Grand Rapids, St. Joseph, South Haven, Grand Haven, and Spring Lake. It was truly an inspiring state-wide response to an issue that affects all of us.

Attendance at the hearing to testify on the issue was so strong that the House committee had to open an overflow room to accommodate the huge crowd. During the hearing, one legislator even said she received more calls in opposition to on this issue than all the calls her office had received on the governor’s proposal to raise the gas tax by 45 cents a gallon. The fight on the issue continues, but it is a great reminder of the collective power of engaged members and a strong advocacy team. Together we can truly achieve great things.

This example of our members mobilizing to help change an issue is at the core of what the League does in working for you. It’s doing what our motto says, “We Love Where You Live.”

The League is out there helping in all kinds of ways. Sometimes it’s working with you—our members—to fight against a bad bill in Lansing. Sometimes, it’s supporting a potential multi-million-dollar revisioning project in Hamtramck. Sometimes, it’s leading a tour of historic buildings in Holland. And still other times, it’s helping a local official attain their dream of becoming a city manager. In all these ways and more, we’re out there serving. We’re out there loving where you live.

Here’s a look at how we are loving where you live in some key areas:

Advocacy
One of the most visible ways we fight for you is through our advocacy team in Lansing. Our legislative team consists of Chris Hackbarth, John LaMacchia, Jennifer Rigterink, Herasanna Richards, and Betsy DeRose. Our staff tackles legislative issues impacting our member communities that arise from the roughly 4,000 bills introduced every legislative cycle. Our team has been named among the top lobbyists for associations in the state in 2019, 2018 and 2011 in the Capital Insider Survey done by MIRS News Service and EPIC/MRA. In the past year, we were successfully involved with supporting or opposing hundreds of bills impacting local government, including:

- Protected Personal Property Tax reimbursements and ensured full-funding of Fire Protection Grants for the first time ever;
- Extended pension and OPEB bonding tool and expanded the number of communities eligible to use this financing mechanism;
- Secured a series of positive changes to the state’s fireworks law, reducing the hours and days of use and giving local units more control and enforcement power;
1. Call to Order

2. Pledge of Allegiance

3. Roll Call

Absent: Miller

Motion by Petrus, second from Van Strate, to excuse the absence of Miller.

   Yes: 6  No: 0

4. Approval of the Agenda

 Motion by Hanks, second from Duer, to approve the agenda as presented.

   Yes: 6  No: 0

5. Consent Agenda

   A. Approved the payment of the bills (checks numbered 60551 to 60587 and electronic payments 45 to 48) in the amount of $146,868.73.

   B. Approved the minutes for the May 13, 2019 work session and the May 20, 2019 regular Council meeting.

   C. Approved budget amendments for the 2018/2019 fiscal year.

   D. Approved a proposal from PM Blough, Inc. to update the Northwest Ottawa County Parks & Recreation Master Plan for a price not to exceed $1,911.25.

   E. Approved the Eighth Amendment to the Restated Contract with the Grand Haven – Spring Lake Sewer Authority.

   F. Approved Marvin Hinga as the Acting Village Manager from June 15th thru June 27th.
G. Approved the awarding of additional points to the Commercial Revitalization Application submitted by Alan & Amber LLC.

Motion by Hanks, second from Petrus, to approve the Consent Agenda with the removal of item G to General Business.

Yes: 6  No: 0

6. General Business

G. Consideration of approval of the awarding of 7 additional points to the Commercial Revitalization Application submitted by Alan & Amber LLC.

Burns explained that Mr. Lisowicz was looking for 10 points to get an additional year of tax abatement with this award. Hanks asked what the annual value of the tax abatement was. Hinga said it would be approximately $925 per year spread across all the entities.

Powers said that Mr. Lisowicz had made a significant investment in the community and had definitely been very accommodating to the wishes of the Planning Commission regarding the design. TePastte asked if Mr. Lisowicz was interested in a mural on one of the building walls that run along the bike path. Mr. Lisowicz said that he was interested and would like more information. TePastte said he was pretty pleased with the building and suggested 7 points and then the DDA could grant the other 3 if they chose to do so. Council agreed they supported and appreciated Mr. Lisowicz investment to the community.

Motion by TePastte, second from Duer, to award 7 additional points to the Commercial Revitalization Application submitted by Alan & Amber LLC.

Yes: 6  No: 0

A. 2019/2020 Fee Schedule

Subject: In conjunction with each budget, Village Council is asked to consider approving an amended fee schedule.

Motion by Petrus, second from Duer, to approve the amended fee schedule.

Yes: 6  No: 0

B. Public Hearing to Adopt the Fiscal Year 2019/2020 Budget

Subject: The Village Council will hold a Public Hearing on the FY 2019/2020
Budget. See the overall budget message and supporting documents for more information.

Motion by Van Strate, second from Hanks, to open the Public Hearing at 7:28 p.m.

Yes: 6  No: 0

There being no public comment, motion by Duer, second from Petrus to close the Public Hearing at 7:28 p.m.

Yes: 6  No: 0

Motion by TePastte, second from Hanks, to approve Resolution 2019-14, a Resolution approving the Fiscal Year 2019/2020 Spring Lake Village Budget.

Yes: 6  No: 0

C. Public Hearing to Consider and Adopt the Fiscal Year 2019/2020 Millage Rate.

Subject: The Village Council will hold a Public Hearing on the FY 2019/2020 Millage Rate which is recommended to be 9.66 for the General Fund and .70 for Debt Retirement for a total of 10.36 mills.

Motion by Van Strate, second from Duer, to open the Public Hearing at 7:30 p.m.

Yes: 6  No: 0

Lee Schuitema, 408 W. Exchange, asked if 7/10 of a mill enough to do what had to be done? Burns responded that the Village is only collecting what they need to make the bond payment and nothing more.

There being no further public comment, motion by Hanks, second from Petrus, to close the Public Comment.

Yes: 6  No: 0

Motion by Duer, second from Van Strate, to approve Resolution 2019-15, a Resolution to adopt the Fiscal Year 2019/2020 Spring Lake Village Millage Rate as proposed.

Yes: 6  No: 0

Subject: The Village Council typically approves water & sewer rates as part of the annual fee schedule.

Motion by Petrus, second from TePastte, to approve Resolution 2019-16, a Resolution to adopt the Water/Sewer Rates for Fiscal Year 2019/2020.

Yes: 6 No: 0

E. LED Lighting Conversion.

Subject: The Village budgeted to upgrade the downtown street lights with LED fixtures and replace the globes.

Burns explained that normally they wouldn’t need a Resolution for this, but she intentionally drafted one to memorialize the history and to make sure that everyone understood that this was not just awarded to Fonkert Electric, that an RFP was issued (no responses received) and thought was put into this it, so in case years from now someone came back and said it was not handled properly.

Motion by Hanks, second from Duer, to approve Resolution 2019 – 17, a Resolution approving Fonkert Electric’s proposal for labor to install 99 new LED street lights within the DDA district.

Yes: 6 No: 0

7. Department Reports
   A. Village Manager – Burns shared that she had copies of the summer Cross Winds newsletter which with information on the staff changes and staff sharing with the Water/Sewer Department and DPW. Burns also reported that the Eagle Scout project at the end of Division was finished and looks great.
   B. Clerk/Treasurer/Finance Director
   C. OCSO
   D. Fire
   E. 911
   F. DPW
   G. Building
   H. Water
   I. Sewer
   J. Minutes from Various Board & Committees
      1. DDA (03/14/19)
      2. Parks & Recreation (05/06/19)

8. Old Business and Reports by the Village Council – No old business.
9. **New Business and Reports by Village Council** – Hanks said she was shocked at the number of cars driving on Exchange Street, even though it was obviously closed.

10. **Status Report**: Village Attorney – No addition.

11. **Statement of Citizens** – No statements of citizens.

12. **Adjournment**

Motion by Hanks, second from Duer, Village Council adjourned the meeting at 7:43 p.m.

Yes: 6  No: 0

_________________________   __________________________
Mark Powers, Village President    Maryann Fonkert, Deputy Clerk
President Powers called the meeting to order at 5:30 p.m.

1. 206 N Buchanan (70-03-15-332-040)

   Mr. Mike Armour attended the work session to discuss his proposal for tree trimming and encroachment at 206 N. Buchanan.

   Mr. Armour gave a brief history of the tennis court and explained that it was installed in 1973 or 74, prior to the Village owning the property that is now Lakeside Trail. Mr. Armour said he had discussed the encroachment with a prior Council, but nothing had ever been resolved. Mr. Armour said he would now like to trim the trees that hang over his tennis court in order to have it resurfaced but the company that would resurface it would not guarantee the work as long as the trees were hanging over. Mr. Armour shared his proposal for the tree trimming and easement as follows.

   1. The Village grant an easement in favor of the parcel for the Tennis Court.
   2. The easement will terminate upon the removal of the Tennis Court.
   3. Mr. Armor be granted permission to trim the trees identified in the site plan.
   4. Mr. Amor would pay the costs for the preparation and recording of the easement and tree trimming.

   President Powers felt that the tree trimming would be the Tree Board’s decision, but the encroachment would be something Council should discuss. Darcy Dye, Tree Board member, explained that for the stage of life the old growth tree was in, it was healthy and trimming trees at this time of year opened them up to fungal infection from infestation of Longhorn Asian beetles. Dye suggested if Council approved Mr. Amour’s request to trim, waiting until September would be the best time. Powers explained that the Village had people seeking to take pieces of Village property on a regular
basis and they don’t seem to understand that they are cutting into the Village property rights. **Powers** said he knew that the tennis court had been there for 40 years, not installed in the dead of night, as so many encroachments were, and that Mr. Armour was offering to pay for the trimming and any other costs involved, so Council would wait until they hear the Tree Board’s recommendation to make their decision.

2. **Beautification Update (Darcy Dye)** - **Dye** explained that she was coming to Council in her capacity of the full-time, unpaid, seasonal landscape/gardener in the Village to begin a dialog and do a whirlwind tour through the nuts and bolts of sustaining greenspaces in the Village. Dye said she spent a lot of time thinking about the proposed development of the waterfront. **Dye** went on to explain her concerns for watering, fertilizing and care of proposed tree plantings, landscaping and maintenance of a proposed splash pad. **Dye** also discussed the many parks and garden areas in the Village that need remediation, and this might be a good time to add a park and landscaping inventory so that they knew what they had and can do a good job of planning for the maintenance for the future. **Dye** shared that she had invited Amy Hileman, a Michigan Native Plant expert in Grand Rapids, who assessed Central Park and gave simple ideas to help bring the park up to the standards that were acceptable to the Doss family to rename the park in honor of their parent’s philanthropic donations to the parks. **Dye** also explained an invasive species of plant growing along Lakeside Trail that winds its way around trees and in a very short time would start killing trees. **Dye** said a third area she was concerned about was the tree canopy on Savidge Street, that had taken 20 years to grow back from the straight line wind storm, and the damage and loss that would occur by cutting them back to move the Victorian home to Division Street. **Dye** said a 4th area was the Adopt A Garden Program that she and Sylvia Russet had started 5 summers ago, with the last 4 summers having coordinated between 34 to 82 volunteers, that had been instrumental in planting 46 planters and planting and maintain 29 butterfly gardens. **Dye** said she was giving notice that she was stepping down as the facilitator of that program, which was too much to volunteer for indefinitely, to follow her passion of Michigan natives and be involved on part time basis. **Dye** suggested creating a green space inventory and a dedicated mileage to maintain them. She also suggested reallocating funds from the tree inventory to a landscape inventory.

Attorneys are currently drafting documents to memorialize the licensing of parking spaces that encroach on the Village ROW. Those documents will be available for execution at the July meeting.

**Burns** said that there was a number of these encroachments around the Village such as Arby's, Bilz's Pools & Spa, Fuel, Wesco and Subway, and not much had been memorialized in the past, so since they were cleaning up errors and omissions, this would be a good time to memorialize these parking spaces with a license to allow Brooklyn's Bagels to use the parking spaces.

4. **112 W. Savidge (70-03-15-382-028)**

During the land survey of Village Hall, it was determined that the Village generator was installed on property owned by Ms. Van Kampen. An issue with the south boundary was also discovered. Since documents are being drafted to gift property along the western property line of Village Hall, now would be the time to clean up these other boundary issues.

**Burns** explained that since they had found the discrepancies, one solution might be swapping the property on the south end of Village Hall for the green space on the west end of Epicurean Village, putting it back on the tax roll. **Powers** said obviously they wanted to clean up the encroachment and the 2-foot section along the west side of Village Hall but, as for the green space, his first instinct was that he was not to keen on giving that property to someone else. **Burns** said that Ms. Van Kampen’s intent was to create outdoor dining in an area. **Duer** asked what the liabilities would be to the Village if Ms. Van Kampen leased the property for 20 years. **Burns** said Van Kampen would provide liability insurance. **Powers** felt the 2-foot swap for the property south of Village Hall where the generator sat, was a fair trade. **Council** discussed options for cleaning up the boundaries that would be beneficial to each party. **Powers** suggested they go to Ms. Van Kampen and ask for the property to the south of Village Hall and see what she says. **Council** agreed.

5. **109 S. Jackson (70-03-15-381-025)**

A proposed RFP for the redevelopment of the former Haight Building was shared with Council. This RFP has been reviewed by Ryan Kilpatrick at Housing Next. He feels that the RFP has built in a solid amount of flexibility
while still being clear about expectations. At this time, there are at least two parties who have indicated interest in the property. With the publication of the RFP, we would expect even more interest.

Burns asked Council for feedback on the RFP for the Height building and explained that this RFP would be out for several months because it would take time for possible buyers to get numbers together for an offer. Council discussed expectations for development of this property and concurred that it could be released.

6. **LED Lighting Conversion Downtown**

The Village solicited bids for the replacement of downtown lights (globes and fixtures). The specifications and bids were handled by Prein & Newhof. Unfortunately, no bids for the project were received. The bidding climate is extremely tough right now. After consulting with Kevin Kieft, it is recommended that the Village utilize Fonkert Electric to perform the work on a time and materials basis. By purchasing the fixtures directly from Kendall Electric, the Village will save on the cost of sales tax. Kevin Fonkert has provided an estimate for labor, however, there are so many retrofits that will be necessary (many different fixture types throughout the downtown) that it is very challenging to provide an exact quote (hence...no bidders). Fonkert Electric did provide a not-to-exceed cost for the labor. It is prudent to disclose that Kevin Fonkert (Fonkert Electric) is the spouse of Village employee Maryann Fonkert. Maryann does not wield any influence over contractual decisions or projects and so, therefore, this award would not constitute a conflict of interest.

Burns gave the background on the LED Lighting project. Council agreed that this was a good solution to finally getting this project done.

7. **Performance Appraisal**

It’s that time of year again when Council is tasked with completing the Village Manager’s annual performance appraisal. Council was provided with a paper copy of the form that should be filled out and returned to President Powers no later than July 1, 2019. President Powers & Marv Hinga will then tally the scores and place this on the July 8, 2018 work session agenda.
8. **Budget Adjustments**
Marv Hinga presented the final budget amendments for the fiscal year. These were reviewed by the finance committee immediately prior to the work session.

**Hinga** asked to transfer money that was not needed in the Pathways fund by $30,000 and increase the Police Fund by $15,000 and increase the Contract Police Fund by $15,000 because the funds were not need in the Pathway fund, but the Police Fund had been running very close.

9. **Fee Schedule**
The proposed fee schedule for the 2019/2020 fiscal year was provided for Council review. These were be presented to the finance committee immediately prior to the work session.

**Hinga** went over the new fee schedule explaining some of the fees would be going up between 2 ½% to 5% and that a fee for the Peddler’s Permit had been added. **Council** agreed with those changes.

10. **Water/Sewer Rates**
The proposed fee schedule for the 2019/2020 fiscal year is attached for Council review. These were presented to the finance committee immediately prior to the work session.

**Hinga** said that water/sewer rates would go up about 20% which was what they had discussed in April and May.

11. **Millage Rates & Budget Adoption**
Council was provided with Resolution 2019 - 14, a Resolution adopting the Fiscal Year 2019/2020 budget. Also provided was Resolution 2019 - 15, a Resolution to adopt the 2019/2020 millage rates. Council was asked to bring their budget binders to the work session as staff had additional inserts to include.

12. **Parks & Recreation Master Plan**
Five years ago, the Village, SL Township, Grand Haven City, Grand Haven Township, and the City of Ferrysburg contracted with Pam Blough to create a joint Parks & Recreation Master Plan. It is time to update that plan so that we qualify to apply for MIDNRTF grants. Council was provided with a
proposal from PM Blough for those services. This is not a complete rewrite at this time, simply an update.

Burns explained that this was asking for permission to enter into a joint agreement with our other north west Ottawa County Communities for an update of the Master Plan that was done 5 years ago. Burns said that this had to be done in order to submit a DNR Trust Fund Grant application in 2020 for improvements to Tanglefoot and Mill Point Park. Council agreed with this being on the Consent Agenda.

13. Commercial Revitalization District Application
The Village has received its first application for tax abatement. At this time, both Council and the DDA need to contemplate the bonus provisions (sections 5 & 6) before staff can assign a final score. At this time, the applicant has scored 50 points, qualifying the property for a 5-year abatement. In order to garner an additional year of abatement, (a combined) 10 additional points would be necessary.

Burns explained that Chris Lisowicz (Barrett’s Boat Works) would be present at the 7:00 meeting to answer any questions Council had for this abatement. Council discussed this item and they would asked questions of the applicant.

14. Art in the Park
The Village received 33 submissions for consideration for the Art in the Park project. All submissions were reviewed by the committee and community engagement meetings were held with property owners and the general public. The top four artists were selected from the group of 33. The next step is to work with the property owners and the artists to pinpoint which art will be placed on which building (Plantenga’s and Cruise & Travel). It is still the intent of the committee to commission a piece of sculpture as well. Once those 3 pieces are complete, the committee will re-evaluate the remaining funding and identify sites for future installations.

Burns shared the top 4 finalists and which building owner chose which artist.

15. Acting Village Manager
Due to the Village Manager vacationing out of country, it is prudent to name an Acting Village Manager in her absence.
Council named Clerk/Treasurer Hinga as Acting Manager in Manager Burns absence.

16. Eighth Amendment Sewer Authority
On May 15, 2019 the Grand Haven - Spring Lake Sewer Authority Board approved the Eighth Amendment to Restated Contract. Each municipality must now consider the amendment.

Burns explained that this had to do with the grant that was received by Spring Lake Township and given to the authority as a whole, now needed an amendment to the agreement to outline who gets what share of the $2.5M that came to us as a Lame Duck award. Council agreed.

17. Communications
• Complaint – Dykhouse
• Complaint – Natzgam
• Complaint – Stuhan
• Consumers Energy LED Conversion Information
• DNR – Local Watercraft Control Letter
• Inquiry - Chalupa
• Library Calendar - June

18. Minutes
Minutes of the May 13, 2019 Work Session and May 20, 2019 regular meeting are attached for review. Should you wish to make edits, please share that information with Chris Burns or Maryann Fonkert prior to June 9, 2019.

19. Public Comment
Darcy Dye, 114 N Fruitport Rd., said she had attended a lecture on dredging at the library and that Kevin O’Keefe had nothing but good things to say about Council.

20. Adjournment: There being no further business, the meeting adjoumed at 6:49 p.m.
